**Ceresio Investors** represents the Swiss banking group headed by Banca del Ceresio- specializing in wealth management, securities custody, corporate and investment banking, and tax and asset consolidation-founded in 1919 in Milan by Antonio Foglia. The third generation of the Foglia family is active today in Lugano through the parent company Banca del Ceresio; in Milan through Ceresio SIM, Global Selection SGR and Eurofinleading Fiduciaria; and in London with Belgrave Capital Management. Capital strength (simplified Leverage ratio 38.9%), reputation in management (CHF 8.4 billion in assets under management) and the logic of co-investment between ownership and clients have always been its main distinguishing features ([www.ceresioinvestors.com](http://www.ceresioinvestors.com)).
